

A high-angle, close-up photograph of a stainless steel kitchen sink. The sink is set into a light-colored, veined marble countertop. A modern, chrome-finished faucet is positioned at the top left of the frame. Inside the sink, a stainless steel grid strainer is placed over the drain. The strainer has a circular drain hole in the center. The sink's interior has a satin brushed finish. To the right of the sink, a glass cup filled with coffee is partially visible, adding a lifestyle touch to the scene.

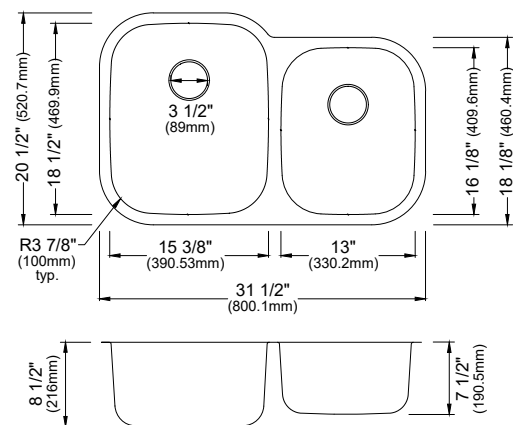

Profile Stainless Steel Series

The Profile Series of stainless steel sinks combine elegant design, practical functionality and unbeatable affordability to create the perfect solution for your kitchen.

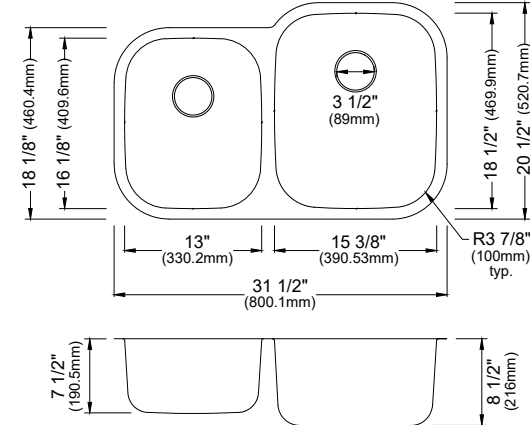

Engineered with wider radius corners, these sinks are effortless to clean and maintain, making them an excellent choice for busy households. Featuring a satin brushed finish, they add a soft elegant touch to any kitchen while resisting scratches and stains so that they maintain their beauty over time. Built from high quality type 304 stainless steel the Profile Series ensures superior corrosion resistance and long lasting durability. Available in 16 and 18 gauge options, these sinks offer the flexibility to meet your specific needs whether you're prioritizing strength or sticking to a budget.
